**About Input**

Input is an agriculture commodity streaming company with a focus on canola, the largest and most profitable crop in Canadian agriculture. Input enters into multi-year canola streaming contracts with canola farmers in western Canada. Pursuant to the streaming contract, Input purchases a fixed portion of the canola produced, at a fixed price, for the duration of the term of the contract. Input plans to grow and diversify its low cost canola production profile through entering into additional canola streaming contracts with farmers across western Canada. Input is focused on farmers with quality production profiles, excellent upside yield potential, and strong management teams.
