About Input

Input is an agriculture commodity streaming company with a focus on canola, the largest and most profitable crop in Canadian agriculture. Input enters into multi-year canola streaming contracts with canola farmers in western Canada. Pursuant to the streaming contract, Input purchases a fixed portion of the canola produced, at a fixed price, for the duration of the term of the contract. Input is a non-operating farming company with a portfolio of ten canola streams, all of which produce canola and revenue for Input in the year the agreement is signed. Input plans to grow and diversify its low cost canola production profile through entering into additional canola streaming contracts with farmers across western Canada.

Input is focused on farmers with quality production profiles, excellent upside yield potential, and strong management teams. Input has completed canola streaming contracts in Northern Alberta, Western Saskatchewan and throughout East Central Saskatchewan.
